**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-9 and 12-22 are allowed.
2. The following is an examiner's statement of reasons for allowance: In view of applicant's arguments with respect to claims 1-5 and 12-16, the examiner agrees that the prior art does not teach a method for controlling a stepper motor in a video surveillance comprising generating a position driving signal based on information received from a speed control process, wherein said position signal is sent to a current controller and a phase controller in order to generate current and phase signals for controlling the stepper motor. The examiner presented reasons for allowing claims 6-9 and 17-22 in office action dated 4/9/04.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
